

FOR IMMEDIATE RELEASE

WhippleWood CPAs PC joins PKF North America

ATLANTA, June 16, 2014 – PKF North America (PKF NA) today announced WhippleWood CPAs PC (WhippleWood) has joined its ranks, giving it 104 members in the U.S., Canada, the Caribbean and Mexico. The firm also now is a correspondent of PKF International Ltd., which has 385 member and correspondent firms in 125 countries throughout the world. WhippleWood, based in Littleton, Colorado, provides various accounting and tax services to Franchising, Oil & Gas, Real Estate, Not for Profit, Hospitality and Distribution clients.

“We are truly excited about the opportunity to join PKF North America, as we believe our membership in this premier association will help us improve ourselves as well as enhance our client service, two of the principal drivers by which we measure our success. WhippleWood has been built primarily by providing outstanding service to existing clients. Long-term, personalized service provided by a consistent professional team is our firm's competitive edge, and hands-on involvement as well as a creative approach to problem solving encourages a close, personal working relationship between our clients and our team,” says Rick Whipple, CEO.

“WhippleWood’s commitment to client service and quality growth makes them an ideal member of our association. Our members are a strong community of professionals who network and share expertise domestically and globally in order to help all members provide quality world-class services to their clients. PKF is committed to developing a balanced roster of the strongest players across a wide spectrum of sizes, locations, and capabilities,” says Terry Snyder, PKF NA President and CEO.

About PKF North America

Headquartered in Atlanta, Georgia, PKF NA is a leading accounting association of 104 separate and legally independent accounting and consulting firms located in the U.S, Canada, Mexico, and the Caribbean. PKF NA is celebrating its 45th anniversary this year. Member firms have combined net fees of approximately \$1.5 billion. Members benefit from access to specialized knowledge and expertise throughout the association and through professional education, marketing, and practice development, and a library of best practices materials.
