

WhippleWood CPAs has been selected as one of OUTSIDE's Best Places to Work 2017

Littleton, Colo., November 8, 2017—WhippleWood CPAs has been selected as one of OUTSIDE's Best Places to Work 2017. Not only are winning companies great workplaces for employees, but they respect the environment and encourage a balance between work and enjoying life in the great outdoors.

“It is a tremendous honor to be selected as one of the top five workplaces in the nation,” said Rick Whipple, CEO of WhippleWood CPAs. “I’m proud of the award-winning culture we’ve created at WhippleWood because it is a team effort within all levels of our organization. It is a foundational concept at our firm that our team members care of our clients and take care of each other.”

“Companies from across the country entered a rigorous two-part survey process to make the winning list,” said Jonah Ogles, Articles Editor at OUTSIDE Magazine. “The Best Companies Group evaluates each nominated company’s workplace policies, practices, philosophy, systems and demographics. There’s also an employee survey to measure personal experience.”

The winning companies are those that value productivity in combination with an active, eco-conscious lifestyle, for a fulfilling experience inside and outside the office. This is OUTSIDE’s tenth year providing the Best Places to Work.
